

NCAA Approved Softball Bat List
January 14, 2020

Last Updated Jan 14, 2020
 9:00am Page 1 of 9

Team _____
 Date _____ Time _____

Bat models listed herein are placed on the list by the manufacturer because the manufacturer believes them to be appropriate to the collegiate fastpitch game and in compliance with the NCAA Softball Playing Rules and batted ball exit speed standard of less than 98 mph.
 Placement of bats on the NCAA Approved Softball Bat List does not guarantee, or otherwise mean, compliance with ASA/NCAA standards.
 Such placement is based on manufacturers' representations that they do so comply, and institutions take on the risk that bats may not so comply.
 Manufacturers are responsible for, and liable for any damages resulting from, any misrepresentations associated with the same.

Model numbers on the bat must exactly match approved models on this list; color descriptions are for user convenience only.

Planned postings of the NCAA Approved Bat List are the 2nd Monday in July, December and April; additional lists will post when model(s) must be removed.

Bats new to the list are noted in blue. Place the number of bats available by model for the game in the "game 1" or "game 2" column as appropriate.

ALL BATS WHICH ARE BARREL COMPRESSION TESTED MUST MEET A MINIMUM OF 1550PSI EXCEPT THE FOLLOWING WHICH ARE NOTED BY ASTERISKS ON THE APPROPRIATE PAGES OF THE CURRENT NCAA APPROVED SOFTBALL BAT LIST:

***DEMARINI PRISM MODELS (PZF-20, PZP-19 & PZP-20) MINIMUM PSI IS 1200**

*****EASTON GHOST MODELS (FP18GH SERIES AND FP20GH SERIES) MINIMUM PSI IS 1000**

****LOUISVILLE SLUGGER- ALL XENOS AND LXT MODELS, AND WTLLFPX18A10 MINIMUM PSI IS 1400**

****MIZUNO PWR CRBN MODELS (340471, 340472, 340498, 340527, 340528, & 340529) MINIMUM PSI IS 1400**
