Planned postings of the NCAA Approved Bat List are the 2nd Monday in July, December and April; additional lists will post when model(s) must be removed.

Information new to the list is noted in blue font.

Bat models listed herein are placed on the list by the manufacturer because the manufacturer believes them to be appropriate to the collegiate fastpitch game and in compliance with the NCAA Softball Playing Rules and batted ball exit speed standard of less than 98 mph. Placement of bats on the NCAA Approved Softball Bat List does not guarantee, or otherwise mean, compliance with USA Softball/NCAA standards. Such placement is based on manufacturers' representations that they do so comply, and institutions take on the risk that bats may not so comply. Manufacturers are responsible for, and liable for, any damages resulting from, any misrepresentations associated with the same.
